Dejana Foundation Becomes Landmark Partner in Performing Arts.

Through its continuing support within the Port Washington community, the Peter and Jeri Dejana Family Foundation recently made a generous donation in the amount of \$10,000 to Landmark on Main Street. In recognition of this generous donation, the Dejana Foundation will be a Partner in Performing Arts for Landmark's 2012-2013 Season.

The Dejana Foundation focuses their efforts behind organizations like Landmark that offer quality services to a broad range of residents in the community. Landmark's beautiful venue and outstanding performances certainly meets these criteria.

Landmark presents between 35 and 40 performances each year in their intimate, yet beautiful Jeanne Rimsky Theater. The exceptionally diverse programming appeals to a wide range of audiences, offering Grammy and Tony Award-winning performers, Rock & Roll Hall of Fame inductees, children's shows, world renowned dancers and more.

The talent offered at the Theater rivals Broadway, yet in a much more affordable and easy-to-access way. Ticket prices remain as low as they are (some shows are even free of charge) mainly because of the generosity of corporations, individuals and foundations like the Dejana Foundation.

"Our Partners provide significant support that allows Landmark to offer a full season of high quality programming to our community at relatively low ticket prices," said Sharon Maier-Kennelly, Landmark's Executive Director. "We are so grateful to the Dejana Foundation for their very generous gift."
